

CODTECH IT SOLUTIONS PVT. LTD.

MERN Stack Web Development Internship — Project Submission

Candidate Name:	Yug Thakral
Selected For:	Mern Stack Web Development
Organization:	Codtech IT Solutions Private Limited
Duration:	6 Weeks
Internship Period:	03 June 2026 - 15 July 2026
Intern ID:	CITS3144

As part of this internship, the following screenshots document the MERN stack web application — **"WatchMemo"**, a full-stack personal movie tracking application — built and completed during the internship period.

1. Dashboard — Find Movies & Watched List

Screenshot of the "WatchMemo" dashboard, featuring a search bar, a "Find Movies" panel for discovering titles by search, and a "Your Watched List" panel summarizing saved ratings, notes, and stats.

2. Find Movies — Search Results

Screenshot of the Find Movies panel, showing search results by title with poster, release year, and the option to open any movie for full details.

3. Your Watched List — Ratings & Notes

 **Your Watched List**

Your saved ratings and personal notes.
